 Sculpture Fields to Stove Works (Polk St to 14<sup>th</sup> St)

- ✓ Always wear a helmet when biking.
- ✓ Unless otherwise directed by a police officer, treat intersections as if you were driving. Stop when the light's red and at stop signs.
- ✓ When crossing train tracks, try to have your wheels perpendicular to the tracks and don't turn your handlebar when riding across. Never ride parallel with the tracks!
- ✓ Communicate with other cyclists when riding. When turning, signal with your hand and tell everyone which direction you're turning. Announce when you're slowing down or coming to a stop.
- ✓ Be predictable. Ride in a straight line without zig-zagging, and ride at a consistent speed without sudden accelerations or decreases in speed.
